Reports. Curator Absent

Librarian Nothing except that the copies of the scrapbook and the Numismatist had been received.

Treasurer \$108.28 in Treasury including \$19.00 from the White Elephant Sale.

Past Picnic The Picnic held during the past summer was a huge success both socially and financially. Some of those attending said they never had such a good time as they did at this Picnic.

Various Comments- Alphonse Kolb and John Sloane really had quite a time with that toothpick deal that they were engaged in. John Sloane really gave quite an exhibition of aesthetic dancing during the game of Horseshoes he was engaged in. Doc. Cady seemed to have an affinity for throwing the shoes right where Johnny was standing.

When John Pittman was acting as Auctioneer his wee daughter Polly climbed up on the stairs where John was trying to sell to the highest Bidder and she said "Daddy Whatever are you doing" & which brought a loud laugh from those present. After dark some of the folks retired to Mrs. Thayers Music room where Ed. Meinhart entertained the assembled people with songs both old and new, assisted at various intervals by his daughter, Norman Prince, your Secretary and several others. It could'nt have been too bad for as yet Mrs. Thayer has had no requests to move.

Guests were welcomed and acknowledged at this time.

Old Business Nothing to report.

New Business The Pres. reported the selection of Chairmen for the various Committees. (See Supplementary sheet.)

The Pres. also said that he had set up a Budget Committee to straighten out our financial business for the coming year.

The Pres. asked for a membership list at this time , as also did Mr. Pittman as he has the Machinery set up for the By- laws and the Constitution.

Mr. Foster reported that he had in his possession the Placque awarded by the A. N. A; also the silver medal awarded to Mr. Newell for his work on slides. This award Mr. Pittman pointed out was a year late as this medal was awarded in 1949.

Mr. Richards said that he had a case for sale that our Projector would fit. T'was a beautiful case and would cost \$10.00. Mr. Foster remarked that we should have a case to protect our Projector, and that we should take advantage of these opportunities when they present themselves.

Mr. Pittman made a motion that \$6.00 be taken from the treasury and that \$4.00 be taken by donation from the members present. This motion was seconded by Mr. McGowan. The \$6.00 was taken from the surplus left over after the purchase of the Projector. There was a surplus of \$2.70 From the donation of the members present, and Mr. Pittman made a motion, seconded by Mr. Harris that this surplus be turned over to the treasurer for the purchase of Slides.

Mr. Foster made a motion that Mr. Richards be given a vote of thanks for his efforts on our behalf. Seconded by Mr. Pittman.

Mr. Eichorn made a motion that Dr. MacMillan be given a congratulatory hand on his promotion at Iola Sanitarium. Seconded by Mr. Judd.

The Pres. asked that new By Laws be printed so that each member be given a New Copy.

Convention Notes. by Mr. Foster.

Charley said that his attendance at the Convention was Non-Political in other words strictly business. Prices were high- a lot of trading went on between dealers. An 1877 Proof sold for \$45.00. Mis-strike Quarters on steel planchets went for \$25.00. Mr. Foster pointed out that there is a market for everything. All you have to do is find

that market. Charley noted the Commem. Halves are on the upgrade.

Also that Proofs are hard to buy. Lot of good material offered- Many had gold notes for sale-and were trying to get rid of them. These notes are liable to confiscation.

At this time your secretary commented shortly on the social opportunities available in Milwaukee. Some of the nicer eating establishments were visited and they left an impression that will long be remembered.

Mr. Pittman-this was the largest Convention ever held. B. Max Mehl and our own Geo. J. Bauer have attended 36 Conventions. Quite a record to shoot at. Political aspect of the A. N. A. practically the same. Only 3300 took time to vote. Even tho there was a net loss of 4.4 % in membership the same officers were returned to office. That the A. N. A. is controlled by a relative few people, in Fact only 1/9 of the total membership. the A. N. A. is run by a closely knit group; you see the same faces, the same dealers there every year. altho the Resolutions Committee put forward a resolution to do away with the Proxy system and also the A. N. A. auction, both of these resolutions were defeated. Comments on the Auction sale. How dealers protected their own bids. Comments on display cases -

Mr. Hoffeckers large gold piece was a restrike of an old coin donated to him by the Indian government for not criticizing the machinery of ~~###~~ India. Jim Kelly's 1873 CC dime went unnoticed in its case , also there were many gold nuggets on display. A man won a prize for education for making facsimiles of coins on cards in Germany. He put these cards in a pack of cigarettes thereby advancing the study of Numismatics. Mr. Donlons Proofs drew large applause as also did Mr. Bauers exhibit of Ancient Greek Coins.

Respectfully submitted,

Armin B. Judd Secretary.

A Proposed Change in the Meetings of the R. N. A. *Nov 7th meeting*

To change from the present procedure, that of discussing business at every meeting and then if time is left to proceed with the Educational Feature and Auction of the Club, to the following:

(1) - Set one meeting ^{each month} /at which business shall be discussed. Such Business when disposed of ^{to} ~~the~~ be followed by a Program and Auction if time allows.

(2) - Set one meeting each month to ^{be} /an Educational, Recreational Program, no business of any kind to be transacted with the exception of arrangements for Picnics, Banquets or other items purely of a Recreational Nature. These to be confined to announcements only.

This proposition in my mind will make possible a return to the function for which this Club was formed. That is, the dissemination of Numismatic Information and Knowledge; the interchange of ideas between the members to the benefit of each others.

We have ~~many~~ new members and visitors who come for a few times and then drift away, not many, but a few, and there is no reason for this. New members come to this Club to obtain help, instruction, association with other collectors, from whom they can obtain information and help which will permit them greater enjoyment of our Hobby.

I believe such a plan would be beneficial to all, but especially to them.

The set up of one meeting could be Regular Business, Program, Auction and General discussion (if time permits.)

The other meeting could be, Opening Announcements by President, Program, (no program to exceed 20 minutes) Auction of coins, Table displays of Coins on Exhibition, members to have choice of which interests them the most.

This latter will give the newer members, and some of the older members, an opportunity to become better acquainted with each other.

Coins paper money and numismatic literature went to the highest bidder without reserve and bidding on some of the items was quite spirited. After the sale was over the tabulator announced that the club had received \$3.55 in commission for executing the bids.

SEVENTY-SEVEN ATTEND BANQUET OF THE R. N. A.

The Rochester Numismatic Association held its 38th annual dinner at the Hotel Rochester on January 6th. Seventy-seven members and guests attended this yearly get-together, which has come to be quite an event in this area.

Prominent among the out-of-town visitors were Dr. and Mrs. John Wild, Mr. and Mrs. Bernard N. Bailey, Mr. and Mrs. Al Gullian and Messrs. Hoople and Johnson of Buffalo and Mr. and Mrs. Ray Williamson of Syracuse.

Charles W. Foster, the Master of Ceremonies, gave a short history of the R. N. A. He told why it has a firm foundation. The Club was built on self-sacrifice, and personal interests are set aside. After introducing all the living past Presidents, Bauer, Cady, Meinhardt Judson, Place, Eichorn, Sloane, Foster, Kolb, Bloom, Newell and Peake, a moment's tribute was paid to the other prominent R. N. A. members who have "gone down the line."

Charles W. Foster, Master of Ceremonies, presents John Jay Pittman, retiring President, with the 38th R. N. A. presidential medal.

At the presentation of the presidential medal to John J. Pittman in recognition of his past services as president, John commented briefly on the reasons for the success of the R. N. A. He stated that the outstanding reason was the "giving of something" to new members, to hold their interest and to keep them coming to meetings, and to encourage them and meet them on the "common floor" of numismatics as a fraternal brother.

Ray Williamson of Syracuse, recently returned from Rome, was the speaker of the evening. A very able speaker, a prominent collector of U. S. Cents, the author of many numismatic articles, Mr. Williamson chose as his subject "A Cent Collector Visits Rome." He visited many cities in Italy and among the coin dealers he visited there is little interest in U. S. Coins. He brought U. S. quarters for twenty-two cents each, nickels for 3 cents each and although he acquired nothing of any real value, he did pick up two 1864-L Indian Head Cents for almost nothing. He said that the interest of collectors in Italy runs mostly to the Papal Coins and the gold, silver and copper of that country.

The speaker gave a half hour's entertainment of beautiful Kodachrome slides that he took while on his trip. The scenes were taken in Italy, Switzerland,

land and also Venice. At the conclusion of his program, all agreed that Mr. Williamson was an accomplished photographer as well as an outstanding numismatist.

John Jay Pittman, 38th President of the Rochester Numismatic Association. Medal in bronze by Alphonse Kolb, Rochester, New York.

The Master of Ceremonies took over after a short recess and prizes were distributed to those with lucky numbers. Games were played, there was a group singing, some talked coins and others gathered around that traditional institution known as the punch bowl, which contained a liberal portion of the "gentle fire."

All agreed that the banquet committee did a real job and Mr. Foster was said for another year.

NATIONAL COIN WEEK, APRIL 20-26, 1951

The National Coin Week program, an annual observance sponsored by the American Numismatic Association, is one of its best expressions for the promotion and interest of Numismatics as a hobby.

Across the nation, National Coin Week has expanded, year by year, along with the rapid growth of our Association.

The following Committees are in charge of the 1951 National Coin Week observance:

National Coin Week Committee:

Col. James W. Curtis, General Chairman,
William C. Boston, Assistant Chairman.

A. above small dealings. Jim was extended a vote of thanks for his efforts of inquiry.

gards the striking of coins and Medals. The principle character
in Mr. Kolb's discourse was Samuel Gompers, the Little Saint of

champion of labor's life, and wound up his talk with the obser-
vation that for 74 years Mr. Gompers kept America free of Indus-
